**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear as to how the first, second, third and the series trimming transistors are interconnected.

***Allowable Subject Matter***

Claims 4-20 allowed.

The following is a statement of reasons for the indication of allowable subject matter: the prior art does not teach or suggest a circuit arrangement as claimed.
